

Summary of current state of work in WP5

Andreas Dördelmann
Energy Agency Investitionsbank SH

03 March 2011 - Piaseczno

Agenda

- **Main goal of WP5**
- **WP5 Workshops**
- **Reports**
- **Outputs: Guideline...**
- **To-do WP5**

Main goal of WP5

- „the overall aim of WP5 is to improve mechanisms for providing financial means for integrated urban rehabilitation measures”
- Development and promotion of appropriate financing concepts to improve affordability of investments
- Development based on depiction of national and international financing sources available
- Special attention to funding possibilities offered by the EU
- Guidelines and good practices for financing and the design of funding schemes are provided

WP5 Workshops

- Potsdam „Kick-Off“
- Topics:
 - Presentation of TA
 - Presentation of WP

WP5 Workshops

- Tallinn/Rakvere „workshop“, November 2009
- Topics:
 - Results from BEEN project
 - Development since BEEN
 - Working Groups: Planned measures in the particular TA (public buildings, residential buildings, energy supply infrastructure, residential environment)

WP5 Workshops

- Lübeck „Workshop“, April 2010
- Topics:
 - Energetic and urban Development Challenges in Schleswig-Holstein
 - Cooperation Contract between the State of Schleswig-Holstein, the Hanseatic Town of Lübeck and the affected building societies from different perspectives
 - EU support activities
 - Working Groups planned, but cancelled

WP5 Workshops

- **Warsaw „Midterm Conference“, June 2010**
- **Topics of WP5 workshop:**
 - Short revision of Lübeck contents
 - Working Groups actually planned for the Lübeck meeting: existing financing programs in the TA, need for financing schemes

WP5 Workshops

- Piaseczno “WP5 workshop”, March 2011
- Topics:
 - Experiences with already existing financing programs for EER
 - Existing programs for IUD
 - Experiences with financing programs
 - Improvement of existing programs
 - Find solutions for missing support programs

Reports

- **Part 1 of report on financing sources on national level (public and private)**
- **Part 2 of report on financing sources for EER and IUD on EU level**
- **Interim report on national financing schemes and mechanisms with consideration of EU funds**
- **Report on appropriate financing schemes for energy efficient urban development measures**
- **Guidelines for innovative use of EU funds for measures in the housing sector and deprived urban areas**

To-do WP5

- **Finalize not yet completed reports:**
 - Interim report
 - Report on appropriate financing schemes for energy efficient urban development measures
- **Evaluation of results of Piaseczno workshop and utilise it for**
 - Guidelines for innovative use of EU funds for measures in the housing sector and deprived urban areas
